## Marriage License Laws of Georgia

The bride and groom must each be 18 years of age to apply for a marriage license without parental consent. Non-residents of Georgia must apply for a license in the county where the marriage is to be performed. Georgia residents may apply in any county. As of July 31, 2003 no blood test is required to apply for a marriage license. Applicants, who have been divorced, must present a copy of the divorce decree in person.

Applications for the marriage license must be made in person at the county's probate court. The bride and groom applicants must present two valid forms of identification (birth certificate, driver's license, U.S. passport, Armed Forces ID card, Resident Alien ID card) and fill out a brief form.

The licensing fee ranges from \$35- \$51, and most counties only accept cash. A marriage license is issued at the time of application, and there is no waiting period before the marriage can take place. It is Georgia law that a person from another state who is getting married in Georgia obtains a marriage license from the county in which they will be married. All Château Élan ceremony locations are located within Barrow County.
